

CAJUN STUD

The object of the Game is to get a five card poker hand consisting of a pair of 6's or better.

You make an initial ANTE bet to receive two hole cards. Upon reviewing your two hole cards, you may raise or fold. If you Raise, you may Raise 1 or 3 times your Ante bet. The dealer then reveals the third card in the community board. You may now fold or raise one to three times on the 4th card betting spot. The dealer reveals a 4th card on the community board to improve your hand. Finally, you may fold or Raise your hand on to three times on the 5th card spot. The dealer reveals the 5th and final card, and pushes (ties) everyone who has a pair of 6's to 10's and pays everyone who has a pair of Jacks or better. Hands of two pair or better pay additional bonuses.
