

CRAPLESS CRAPS

CRAPLESS IS ONE OF THE MOST EXCITING VARIATIONS OF CRAPS IN CASINOS TODAY. CRAPLESS IS PLAYED ALMOST THE SAME WAY EXCEPT THE 2, 3, 11 AND 12 ALSO BECOME POINT NUMBERS ON THE COME OUT ROLL INSTEAD OF LOSING IF THROWN.

Payout odds are listed in the last section.

Come Out Roll The first roll of the dice at the opening of the game in reference of the pass line.

Pass Line A pass line wager is placed prior to the come out roll. You win on 7 and if any other number rolls it becomes "the point." If the point rolls before a 7, you win. If you roll a 7 before "the point" you lose and the dice are passed to the next person. (Pass line bets cannot be removed after the point is established).

Come You can bet on the come bet anytime after the point is established. You win with a 7 on the roll immediately following placement of the bet. If any other number rolls it becomes your point and must be rolled again before a 7 to win. (A come bet cannot be reduced or removed after a number is established for such bet).

Odds An additional wager in support of a pass line or come bet. These wagers may be made any time after the come out roll. Come odds are inactive on the come out roll unless called on by the player.

Field If a 2, 3, 4, 9, 10 or 11 roll you win even money. If a 2 rolls you win double, and if a 12 rolls you win triple. The field is a one roll bet. These bets are self service and are always working unless picked up.

Big 6&8 The big 6 and 8 are even money bets paid whenever a 6 or 8 is rolled and lose when a 7 is rolled. These bets are self service and are always working unless picked up.

Place Bets On a place bet you can bet on 2, 3, 4, 5, 6, 8, 9, 10, 11 or 12 at anytime. If your number rolls before a 7 you win. If a 7 rolls all place bets lose. All place bets are off on the come out roll unless called on by the player.

Buy Bets Buy Bets are place bets that can be bought with a 5% commission, and you will receive true odds as shown on the chart. Buy bets are off on the come out roll unless called on by a player.

Hard Ways There are four hard way combinations. Hard four (two 2's), hard six (two 3's), hard eight (two 4's), and a hard ten (two 5's). You can bet the combination you want at any time. For instance when you bet the hard 6 (two 3's) you win if that combination hits before a 7 or an easy six (5 and 1 or 4 and 2). Hard Ways are off on the come out roll unless called on by the player.
